Spectra makes a dazzling return to Marina Bay Sands

Popular outdoor light and water show to be held each evening at the Event Plaza

Spectra Light and Water show returns to the Event Plaza from 28 April after a two-year break

SINGAPORE (28 April 2022) – The Waterfront Promenade at Marina Bay Sands is set to come alive again in a kaleidoscope of colours and spectacular lights as **Spectra**, Marina Bay Sands' Light & Water Show, returns after a two-year hiatus.

The popular multimedia extravaganza, which was put on pause due to the Covid-19 pandemic in February 2020, will once again illuminate the city-skyline across the Event Plaza from Thursday, 28 April.

Spectra will be staged every evening, with two 15-minute-long performances at 8pm and 9pm, and a third performance added at 10pm on Fridays and Saturdays. The outdoor show is free-to-public and will adhere to prevailing safe management measures.

In celebration of Labour Day and Hari Raya Puasa, **Spectra** will also be staged three times a night from 1 to 3 May 2022, at 8, 9, and 10pm.

Launched in 2017, **Spectra** combines an array of state-of-the-art lasers, lighting, water effects and projections, set to an orchestral soundtrack composed by award-winning local music producer Kenn C. The cutting-edge production is designed to take viewers on a four-act journey, beginning with Singapore's origins as a cultural melting pot, and ending with a glimpse into its future as a global city and beacon of innovation.

At the heart of the performance lies a bespoke, 12-metre tall, laminated glass-and-stainless-steel prism that bursts into life throughout the show. Lasers beam down from the pinnacle of Marina Bay Sands' three towers, connecting to the prism as it sets off water jets, magnificent lights and lava effects.

Marina Bay Sands' Chief Operating Officer Paul Town said: "After a two-year pandemic pause, Marina Bay Sands is thrilled to be bringing back Spectra, our outdoor light and water extravaganza. With its stunning multimedia experience colouring the cityscape at night, we look forward to having the show revitalise our waterfront and captivate visitors once again. In tandem with Spectra's message of hope and continuous transformation, this re-opening also serves as another promising step forward in our commitment to rejuvenating the integrated resort's slate of entertainment offerings for both Singaporeans and international visitors."

Since its inception, **Spectra** has been an iconic fixture along the Waterfront Promenade at Marina Bay, entertaining more than a million visitors to date.
